Re: WXVT-TV
BDSTA-20130125ABC
Greenville, MS
Fac Id: 25236

Dear Applicant:

This refers to your attorney's letter dated January 25, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that WXVT has been experiencing problems with its main transmitter which is currently only capable of producing half its maximum power output. As such, the ERP of WXVT has been reduced from 330 kW to 165 kW. All other authorized parameters will remain the same. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until July 29, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name and title.

Kevin R. Harding
