

May 22, 2009

Mr. Donald DeMarsh
Operations Manager
WICN Public Radio
50 Portland St.
Worcester, MA 01608

Dear Mr. Donald DeMarsh,

We have received your request to drop the protection of our analog channel 6 signal. WLNE has moved to WLNE-DT channel 49 and WLNE-TV is no longer transmitting on Channel 6. We shut down the analog transmitter on April 18, 2009, and it has been decommissioned. Therefore we release WICN Public Radio from any requirement to protect this signal in our analog coverage area.

Sincerely,

A handwritten signature in black ink, appearing to read 'Stephen Doerr'.

Stephen Doerr
VP/General Manager
WLNE-DT, Global Broadcasting of Sothern NE, LLC
