RE: 1 Columbus Circle (Knights of Columbus) New Haven

Mr. Ray,

As per your request, on October 24, 2014 I measured location and direction of the new antennae installed on top of the Knights of Columbus building located at 1 Columbus Circle in New Haven, CT.

I hereby certify that the antennae is directed 220 degrees (+-5degrees) when measured clockwise from true north as depicted in the below picture.

If you have any questions, Please don't not hesitate to contact me.

Sincerely yours,

Adam Hoffman, L.S.
