**Re: *In the Matter of Gary M. Cocola, Licensee of FM Translator, K259CF,  
South Fresno, California (Facility ID No. 144742)***  
**Amended Second Supplement Interference Complaint**

Dear Ms. Dortch:

On behalf of Bott Communications, Inc. ("Bott"), licensee of full-power FM broadcast station, KCIV, Mount Bullion, California (Facility ID No. 6504) (Channel 260/99.9 MHz) ("KCIV"), transmitted herewith is one (1) original and four (4) copies of Bott's Amended Second Supplement to Interference Complaint (the "Amendment") against FM translator, K259CF, South Fresno, California (Facility ID No. 144742), licensed to Gary M. Cocola. The Amendment removes otherwise valid listener complaints from Bott's Second Supplemental Complaint which Bott has deemed to be lacking in sufficient factual specificity as to the nature and origin of the interference complaint made therein.

Should you have any questions regarding this transmittal, please contact the undersigned.

Respectfully submitted,

Kathleen Victory

**AMENDED SECOND SUPPLEMENTAL INTERFERENCE COMPLAINT**

Bott Communications, Inc. (“Bott”), licensee of full-power FM broadcast station, KCIV, Mount Bullion, California (Facility ID No. 6504) (Channel 260/99.9 MHz) (“KCIV”), by its undersigned counsel and pursuant to Section 74.1203 of the Commission’s rules,<sup>1</sup> hereby submits this Amended Second Supplement (the “Amendment”) to its original interference complaint (“Original Interference Complaint”), dated July 18, 2018 (as supplemented September 17, 2018), against FM translator, K259CF, South Fresno, California (Facility ID No. 144742) (“K259CF”), licensed to Gary M. Cocola, with additional listener complaints. This Amendment removes otherwise valid listener complaints from Bott’s Second Supplemental Complaint which Bott has deemed to be lacking in sufficient factual specificity as to the nature and origin of the interference complaint made therein.

Since the filing of its Original Interference Complaint and its Reply and Supplement to Interference Complaint, Mr. Cocola’s operation of K259CF on KCIV’s first-adjacent channel (i.e., Channel 259/99.7 MHz) continues to cause interference to the regular listeners’ reception of KCIV in and around Fresno and Clovis, California. Attached hereto are the additional complaints of 13

---

<sup>1</sup> 47 C.F.R. § 74.1203 *et seq.*

KCIV listeners (Attachment A),<sup>2</sup> as well as an updated map depicting the locations of the listener complainants (Attachment B).<sup>3</sup>

In light of the continuing and amassing complaints, covering specific locations as well as ranging locations, it is clear that the interference to KCIV is ongoing. As shown previously, the FCC's *current* rules expressly provide that an FM translator station "will not be permitted to *continue to operate* if it causes any actual interference to . . . the direct reception by the public of the off-the-air signals of *any* authorized broadcast station . . . ."<sup>4</sup> Very significant interference has been established – yet three months have passed and Mr. Cocola has been allowed to continue to operate the offending FM translator to the detriment of KCIV's loyal listeners. The FCC must enforce its rules. Bott requests that the Commission order K259CF to cease operations immediately.

---

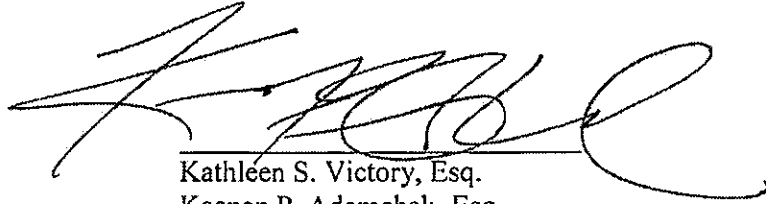

<sup>2</sup> 10 signed and 3 unsigned listener complaint declarations are provided in Attachment A. Bott has additionally received 45 calls from KCIV listeners complaining of K259CF's interference to their receipt of KCIV's signal since its filing of its Reply and Supplement to Interference Complaint on September 17, 2018.

<sup>3</sup> Of the 13 additional listener complaints included in Attachment A hereto, the locations of 4 complainants could not be plotted on the map attached hereto in Attachment B.

<sup>4</sup> 47 C.F.R. § 74.1203(a)(3) (emphasis added).

Respectfully submitted,

WHEN DID YOU NOTICE INTERFERENCE ON KCIV, 99.9 MHz (DATE) : So, sorry, I cannot find my notes on the incident to verify the date. I hope you have my initial email. The date was a Monday or Tuesday late morning as I was driving on Highway 180 west toward Fresno and about the corner of McCall and 180 in Sanger when the interference occurred. This was late September or early October. I remember Ravi broke through the interference with "Babylonians," which almost made me believe it was part of the program, but NO, it was not.

COMMENTS: The interference was a break-in of raunchy, sexual chatter of young sounding voices during Ravi Zacarias' radio program. It ran about 10 to 15 minutes and was only on your channel. Satan is hard at work.

I AM A REGULAR X FREQUENT \_\_\_\_\_ OCCASIONAL \_\_\_\_\_ OR

OTHER \_\_\_\_\_ LISTENER OF KCIV, 99.9 MHz.

WHEN DID YOU NOTICE INTERFERENCE ON KCIV, 99.9 MHz (DATE) 2017-2018

STATE WHERE YOU USED TO HEAR KCIV, 99.9 MHz, AND CANNOT HEAR THE FULL SIGNAL

NOW WITHOUT INTERFERENCE along FWY 41 between Shields Ave & Bullard Ave and areas to the east and west of the freeway for at least 1/2 mile

COMMENTS This interference used to occur along FWY 180 between Fulton and the N 41 onramp approx. 14 months ago, has moved to location above. Interference is a neighboring FM station that bleeds over and results in choppy noise and nullification of KCIV reception. If you wish to contact me, use text first.

I CERTIFY THAT I HAVE NO LEGAL, ECONOMIC OR FAMILIAL STAKE IN THE OUTCOME/RESOLUTION OF THE INTERFERENCE MATTER.

**INTERFERENCE COMPLAINT**

THE FCC OR KCIV, 99.9 MHz, CAN CONTACT ME FURTHER REGARDING THIS  
INTERFERENCE COMPLAINT      YES X      NO
