**Re: Notice of Operation at Variance
Station WMBQ-CD, New York, NY (Facility ID 14322)**

Dear Ms. Dortch:

WMBQ-CA Station, LLC, licensee of commercial television station WMBQ-CD, New York, New York, hereby notifies the FCC that as of August 14, 2013, the station is operating at variance from authorized parameters. Due to a failure in the station's transmitter, the station is operating at approximately 30% of authorized output power. It is expected that repairs to bring the transmitter up to authorized power level will take a few weeks.

In the event that the repair is not achieved and full authorized power not resumed within 30-days, a request for special temporary authorization to continue to operate at variance will be filed.

Should you need additional information, kindly communicate directly with the undersigned.

Very truly yours,

Paul J. Feldman
Counsel for WMBQ-CA Station, LLC
