

RADIO MARKET ANALYSIS
SUSQUEHANNA RADIO CORP.
KTCK AM RADIO STATION
DALLAS, TEXAS
November 2009

TECHNICAL STATEMENT

1. This technical statement and attached exhibits were prepared on behalf of Susquehanna Radio Corp. ("SRC"), licensee of KTCK, 1310 kHz, Dallas, Texas. SRC is submitting an application to make minor changes in the KTCK facilities, as such, a Radio Market Analysis is necessary. SRC is also the licensee of KIKT¹, Channel 228A, and KGVL, 1400 kHz, Greenville, Texas; KTDK, Channel 281C3, Sanger, Texas; KKLF, 1700 kHz, Richardson, Texas; and KLIF-FM, Channel 227C2, Haltom City, Texas. Principals of SRC also have an interest in the licensee of KPLX, Channel 258C, Fort Worth, Texas and KLIF, 570 kHz, Dallas, Texas.

2. KTCK, KLIF, KPLX, KTDK, KDBN and KKLF are each authorized in communities within metro counties in the Dallas-Fort Worth, Texas Arbitron Market. KGVL and KIKT are licensed to non-metro counties outside the Dallas-Fort Worth, Texas market and are not considered "home" to the market, however, the proposed KTCK has contour overlap with KGVL and KIKT. As such, this review will verify compliance of commonly owned stations in both rated and non-rated markets.

1) KIKT is presently licensed to a community in a non-metro county. There is also an outstanding construction permit to relocate, upgrade and change its community of license of KIKT from Greenville, Texas to Cooper, Texas (BPH-20061005ADV). At its authorized CP site and new community, KIKT will remain a non-metro station.

DALLAS-FORT WORTH, TEXAS ARBITRON/BIA MARKET REVIEW

3. As shown on Exhibit #1, there are eighty-seven AM and FM (commercial and non-commercial) stations listed in the Dallas-Fort Worth, Texas Arbitron Market (Market #5). SRC would be in control of three FM and three AM stations in the market. The number of stations indicated falls in the forty-five or more stations tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations, with no more than five in the same service, is permissible. Therefore, SRC is in compliance in the Dallas-Fort Worth, Texas market.

REVISED CONTOUR OVERLAP ANALYSIS

4. Since KGVL and KIKT (license and permit) are non-metro stations, a study has been conducted to verify ownership of the subject stations is in compliance with the Commission's multiple ownership rules. The city grade contours of the subject stations are shown on Exhibit #2. As noted, the locations of the city grade contours of the non-metro stations create two distinct radio markets requiring review. Market #1 consists of AM stations KGVL, KLIF, KTCK and KKLf and FM station KIKT (license). Market #2 consists of AM station KTCK and KGVL and FM station KIKT (permit).

5. Since the contour of station KGVL is a subject station in each market, its contour will be used to determine the number of other stations in those markets to which the subject stations will be added. No stations with transmitters located more than 92.0 kilometers from the

boundary of the common overlap of subject stations will be considered. Further, no other facility controlled by the transferees will be considered as a market contributor, unless it is a subject station in the pertinent radio market under study.

6. Exhibit #3 is a depiction of the AM and FM stations (commercial and non-commercial) providing service to the KGVl/Radio Market. A total of eleven stations are depicted. Exhibit #4 is a tabulation of the stations in Radio Market #1; a total of sixteen is shown when the five subject stations are added.² The number of stations depicted falls in the fifteen to twenty-nine fewer stations tier of 73.3555(a)(1)(iii) of the Commission's rules. At this level, common ownership or control of up to six stations, with no more than four in the same service is permissible. Therefore, SRC is in compliance in Market #1.

7. Exhibit #5 is a tabulation of the stations in Radio Market #2. A total of fourteen when the three subject stations are added.³ The number of stations is in the fourteen or fewer stations tier of 73.3555(a)(1)(iv) of the Commission's rules. At this level, common ownership or control of up to five stations, with no more than three in the same service, is permissible, provided the number of stations to be commonly held does not exceed 50% of the stations in the market. Therefore, SRC is in compliance in Market #2.

8. Based on the compliance shown in both the rated and non-rated markets, the application for KTCK is in compliance with the Commission's rules, pursuant to §73.3555.

2) While there many are other stations contributing service to the market, they are not considered as there are sufficient stations based on the number of facilities to commonly held.

3) See Footnote 2, *supra*.

9. The foregoing technical statement was prepared on behalf of Susquehanna Radio Corp. by Graham Brock, Inc., Technical Consultants. All information contained herein is true and accurate to the best of our belief and knowledge. All data relating to AM and FM facilities in the relevant BIA/Arbitron market was determined using the BIA Financial Network, Inc. Media Access Pro, Version 4.5. BIA database. Technical data related to AM and FM facilities was extracted from the Commission's CDBS database. We assume no liability for errors or omissions in either database which may be adverse to the information contained herein.
