

MINOR CHANGE APPLICATION
NEW AGE COMMUNICATIONS, INC.
WKIX (FM) RADIO STATION
CH 272A - 102.3 - 2.6 KW
SMITHFIELD, NORTH CAROLINA
December 2004

TECHNICAL STATEMENT

This Technical Statement and attached exhibits were prepared on behalf of New Age Communications, Inc. ("New Age"), licensee of WKIX, Channel 272A, Goldsboro, North Carolina. In MM Docket #02-40, the community of license of WKIX was changed from Goldsboro to Smithfield, North Carolina. This instant application seeks a construction permit to implement the change in community of license, and proposes to make other changes to the facility.

Since New Age is proposing to construct a new tower for WKIX, the Federal Aviation Administration ("FAA") was apprised of this proposal. Further, once the FAA issues a Determination of No Hazard for this tower, it will be registered with the FCC. All remaining exhibits prepared to certify the technical portion of the application have been forwarded to the applicant and are available for submission to the Commission upon request.
