Re: WFTL (AM), West Palm Beach, Florida  
Facility Identification Number: 29490  
JCE Licenses, LLC (JCE)  
Special Temporary Authority (STA)  
BESTA- 20141107ABO

Dear Mr. Hilliard:

This is in reference to the request filed on November 7, 2014. JCE requests further extension of the STA originally granted on September 23, 2003, as modified on December 11, 2003, for operation pursuant to Section 73.1615. In support of the request, JCE states that the two applications (BMP-20031024AAV and BL-20050104ABJ) remain pending before the Commission.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WFTL may continue to operate pursuant to Section 73.1615 with the substantially adjusted directional antenna facilities authorized by Construction Permit BP-19990521AI, as modified in Application BMP-20031024AAV. It will be necessary to further reduce power or cease operation if complaints of interference are received. JCE must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's

exposure guidelines. *See* 47 CFR § 1.1310. The authority granted herein is expressly conditioned on the grant of Application BMP-20031024AAV, and against the grant of the related Application BP-19890109AB for station WACC(AM), ID# 28874. In the event that Application BMP-20031024AAV is dismissed/denied, or in the event that Application BP-19890109AB is granted, the WFTL daytime antenna system must be readjusted to conform with the specifications previously authorized by Construction Permit BP-19990521AI, and a new daytime proof of performance must be conducted and the license application amended accordingly.

This authority expires on **July 22, 2015**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joseph Szczesny', is written over the printed name.

Joseph Szczesny, Engineer
