RE: Cougar Mountain FM Antenna
BRH Job No. 2002030

Dear Mr. Neilson:

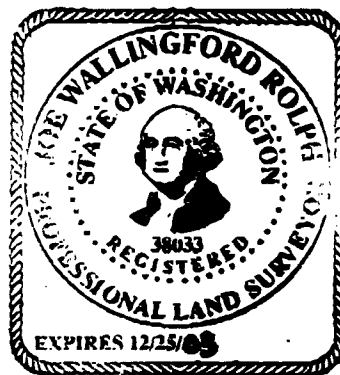

Bush, Roed & Hitchings has completed its verification of the Cougar Mountain FM Antenna alignment. We have determined that both sets of directional antennas are aligned in accordance with the specifications provided at true azimuths of 45° and 300°. If you need additional information please feel free to call.

Sincerely,

Joe W. Rolph, PLS
