RE: FM Translator Station K221EX  
Lackland City, Texas  
FIN: 139129

Dear Dan:

This office is communications counsel to Radio Ranch, Ltd., the licensee of FM Station KRNH(FM), Kerrville, Texas, which broadcasts its programming on FM Channel 221.

We are writing to you in your capacity as communications counsel to Iglesia Jesucristo es Mi Refugio, Inc., the licensee of FM Translator Station K221EX, Lackland City, Texas, and pursuant to Section 74.1203 of the Rules and Regulations of the Federal Communications Commission.

As you are aware, Section 74.1203 provides that the licensee of an FM translator is not permitted to operate if it causes actual interference to an authorized broadcast station. Since K221EX commenced operations on Channel 221, earlier this year, KRNH has suffered interference from K221EX's operations. Such interference is evidenced by the communications and complaints that KRNH has received from its regular listeners, a number of which are attached hereto.

Under the terms of Section 74.1203, K221EX is required to remediate the interference it causes to authorized stations such as KRNH and, if that is not possible, to suspend its broadcast operations until it can effectuate such remediation. Our client advises us that K221EX has recently suspended its broadcasting operations, though we have no reason to believe that such suspension relates to KRNH. We, therefore, request that before K221EX resumes broadcasting operations that it ensures that no further interference is caused to KRNH. Should this not be the case, we will have to bring this matter to the attention of the FCC for remedial action.

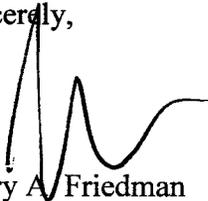

Should you client wish to coordinate with KRNH on testing to confirm its remedial actions, we

can provide you with contact information. If you wish to discuss this matter further, do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Barry A. Friedman". The signature is fluid and cursive, with a prominent initial "B" and a long, sweeping tail.

RE: 92.3, KRNH

---

Please be advised that your signal is experiencing over run by a radio station out of Kenedy that broadcasts in Spanish. This is a profound problem for me as I have found your station valuable in keeping me informed of local events and market conditions. I have a client in Kerrville, Hill Country State Bank and would like to monitor our advertising buys on your station.

The interference occurred the week of February 22<sup>nd</sup>, as I traveled between my home and place of work in San Antonio. Please advise when "repairs" are made so I may again listen to The Ranch at FM 92.3.

Sincerely,

A handwritten signature in black ink that reads "Jamie Allen Eickhoff". The signature is written in a cursive style with a large initial "J".

Mr. Mark Grubbs  
General Manager  
The Ranch, FM 92.3, KRNH  
3505 Fredericksburg Hwy 16 N.  
Kerrville, Texas 78028

Dear Mark:

I hope this letter finds you well. I am writing to express my disappointment in the broadcast signal of your radio station, The Ranch, KRNH. For several years, I have been able to listen to the station to learn of the "goings on" in the Hill Country. You will recall that I own property in nearby Marble Falls.

In the last few weeks, starting the week of February 23<sup>rd</sup>, my ability to tune in The Ranch on 92.3 has been compromised due to interference from another station broadcasting in the Spanish language. I don't speak Spanish and can't recognize the station's call sign. I usually pick The Ranch up in my car in the Leon Springs area and on some days I am able to listen all the way to my office in San Antonio.

Please correct your signal so that I may continue listening.

Sincerely,

Helen Thompson

MY NAME IS COREY MOEHLE AND I LIVE AT 607 WEST FULTON IN FREDERICKSBURG, TEXAS 78624. MY PHONE NUMBER IS 830-456-7522. I WORK AT JAMES AVERY CRAFTSMAN. I TRAVEL IN THE AREA OF THE HILL COUNTRY THAT RECEIVES THE RANCH AND THAT IS THE STATION I ENJOY LISTENING TO MOST. I RECENTLY HAVE BEEN EXPERIENCING INTERFERENCE FROM A TEJANO STATION ON 92.3FM. WHAT HAPPENED TO THE RANCH IN THE AREA OF THE ANDERSON LOOP (1604) AND WURZBACH IN SAN ANTONIO? I ALSO TRAVEL BETWEEN FREDERICKSBURG AND COMFORT AND HAVE EXPERIENCED IT THERE AS WELL. FIRST, I THOUGHT THE SETTINGS ON MY RADIO HAD BEEN CHANGED. THAT WASN'T THE SITUATION AT ALL. I DEPEND ON THE RANCH FOR LOCAL INFORMATION AND HAPPENINGS. IS THERE ANYTHING THAT CAN BE DONE TO FIX THE SITUATION? I SURE HOPE SO. THANK YOU YOUR TIME.

COREY MOEHLE

To Whom It May Concern,

My name is Gina Steppka and I moved from Harper, Texas to work and live in San Antonio, Texas. It was great when I could get the Ranch fm92.3 at my house (Brook City Base) and am upset that I no longer can. A Tejano station has been coming in on that setting on my radio. The station number was 92.3 KTNR. Being from the Hill Country, the Ranch fm92.3 is "MY" radio station. That's the kind of music I listen to. When I did receive it, I could still hear about everything going on at "home" (Harper). The Ranch fm92.3 is very missed around my house and sure hope I can get it back.

Thanks so much,

Gina Steppka

Hi Ranch Radio,

My name is Garren Evans. I have a question about your signal in San Antonio and Boerne. I used to get your signal very well in these areas and now there is interference with a tejano station. Is this going to be a permanent situation. I sure hope not. I work in San Antonio at Walker Engineering at 281 Loop 1604 and make the commute everyday and miss having the Ranch on my radio for the drive. Keep up the good work on the morning show and get that interference fixed.

Thanks,

Garren Evans

To Whom It May Concern:

I am a faithful Ranch listener and was very happy when the new tower went up so I could listen as I was traveling to San Antonio.

On my last trip to San Antonio I noticed that The Ranch started fading out at about Boerne. I am hoping this was a one time thing and the next time I travel that way I will again be able to hear your station all the way to San Antonio, and even in San Antonio, as before.

If there is something I need to do on my end please call and let me know what it is. I love the Ranch and want to hear it!!!!

Sincerely,

*Dorothy Jett*

**Good Morning Daybreak Show,**

**Have you changed something about your signal that causes me not to hear you into SA any more? It used to be real clear in Boerne and San Antonio but now it fades in and out with another station. Hope this is temporary. I love to listen to The Ranch and want to take you with me when I travel out of Kerrville.**

**Thanks**
