

**REQUEST FOR EXTENSION OF
SPECIAL TEMPORARY AUTHORIZATION TO GO DARK**

The First United Methodist Church of Tallulah, Louisiana, licensee of radio station KBYO(AM), Tallulah, Louisiana (FIN 59997), hereby requests an extension of its special temporary authority (“STA”) to go dark for an additional period of 180 days. Specifically, the Church seeks FCC authority to remain dark in anticipation of the Station’s forthcoming sale and relocation (an application seeking FCC consent to assign the Station to Retail Social Activities Center, Inc. was granted on February 18, 2011. *See* BAL-20101214ABS). A consulting engineering firm has been retained to prepare supporting engineering documentation to relocate the Station, and the parties anticipate that a minor modification application for the Station will be filed with the Commission shortly. In the meantime, the parties seek to go dark to conserve the Station’s limited resources until such time as operations may commence from a new location.
