Sarasota, Fl. 34237-6019

Re: HQ-103
FM Booster Station in Mayaguez PR

Dear Grafton Olivera:

Thank you very much for the copy of your FCC application sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that your installation is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory. We therefore have no objection to your proposed installation.

Sincerely yours,

A handwritten signature in black ink, which appears to read "Reinaldo Velez". The signature is written in a cursive style and is positioned above a horizontal line.

Reinaldo Velez
