Attn: Video Division .

**Re: WOWK-TV, Channel 13, Huntington, WV (Fac. ID No. 23342)
NOTIFICATION OF REDUCED POWER OPERATION**

Dear Ms. Dortch

On behalf of West Virginia Media Holdings, LLC (FRN 005921689), licensee of WOWK-TV, Channel 13, Huntington, WV, and pursuant to Section 73.1560(d) of the Commission's rules, the purpose of this letter is to notify the Commission that, as of January 15, 2009, the analog facility of WOWK-TV has been operating at less than 80% of authorized power, as the result of failure of the contactor in the station's analog transmitter, which was built in 1982. A malfunction in the contactor is causing it to introduce electrical spikes in the voltage supply of the transmitter and building, and has caused a reduction in operating performance of the transmitting tubes in the transmitter. The transmitter must be operated at a reduced power to minimize the risk of additional damage.

In the event of any questions or correspondence regarding this matter, please communicate directly with undersigned counsel.

Sincerely

Ellen Mandell Edmundson
