

EXHIBIT 11 Second non-commercial aural service population count

The proposed station in Cape Vincent, NY would provide first/second non-commercial service as follows:

15,611 total population served

5,012 people would receive a First NCE/FM service.

5,000 people would receive a Second NCE/FM service.

10,012 people would receive a First or Second NCE/FM service

Second NCE/FM service would be received by 5,000 people, which is 30% of the population served and more than 2,000. Applicant therefore answered YES to Section III, question 2.

Other non-commercial educational stations included in this study:

WJNY	ch 215	Watertown, NY
