

## **SECOND SUPPLEMENT TO EXHIBIT 20**

### **Correction Regarding Station Contour Overlap**

The Transaction Description's brief statement concerning contour overlap should be amended to read that "[t]here is no *relevant* contour overlap between any Station to be acquired and any current Scripps station...." Adding the word "relevant" corrects the statement because, while there is contour overlap between Scripps Station KMGH-TV, Denver, CO, and Cordillera Station KOAA-TV, Pueblo, CO, these stations are assigned to different Designated Market Areas, and thus the overlap does not affect the Transaction's full compliance with the local television ownership rule.
