

**Affidavit Certification and Qualifications of Supervising  
Engineer in support of FCC Form 301 WKSW, Enon, Ohio,  
FCC File Number BMPH-20090513ADN**

The proposed facility referenced in the above construction permit has been constructed as permitted. I have overseen all aspects of the WKSW site and directional antenna assembly and installation. I certify that the station has been built as permitted. The Shively 6810 2R (0.9)SS DA directional antenna was installed exactly as specified by its manufacturer and the antenna orientation as specified in the permit has been measured and verified by a Licensed Professional Surveyor in the State of Ohio. The Surveyor's certification is attached as an exhibit.

I certify, under penalty of perjury, that I am a Broadcast Engineer and familiar with all relevant FCC regulations that pertain to this project. I have over 20 years experience as a Broadcast Engineer. I have designed, installed and supervised several FM transmission system installations.

Eugene Simmons  
Chief Engineer  
Main Line Broadcasting, Dayton
