Re: Station WIMV, Owingsville, KY (Facility Id. No. 161760)  
Notice Pursuant to Section 73.1740

Dear Sir or Madam:

This is to give notice pursuant to Section 73.1740 that Station WIMV is not able to commence program test by January 27, 2012. The Commission granted the station's license on January 17, 2012 (File No. BLED-20111212AFT) and program test should, accordingly, commence shortly thereafter. The station's towers and antennas are fully constructed and operational. However, there have been unanticipated problems with the original studio location which require specification of a new location. It is believed that a new location will be obtained shortly and program tests will commence in the very near future.

Should there be any questions regarding this notice, please communicate with the undersigned.

Very truly yours,

William D. Silva
