

**Request for Extension of Special Temporary Authorization for KTCT**

Radio License Holding SRC LLC (“RLH SRC”), acting pursuant to Section 73.1635 of the Commission’s rules, hereby requests that the initial special temporary authorization (“STA”) for radio station KTCT(AM), San Mateo, California (the “Station”), be extended for an additional 180 days. *See* File No. BSTA-19990309WX, as extended, *inter alia*, by File No. BESTA-20140108AEK.

The Station’s most recent STA was granted by the Commission on February 11, 2014 and is scheduled to expire on August 11, 2014. As explained in the prior STA extension requests, the STA is necessary to enable the Station to operate with daytime facilities during night-time hours in order to overcome interference caused by the unauthorized operation of co-channel station KXED, Mexicali, Baja California, Mexico. The interference situation with respect to that co-channel Mexican station has not changed. In short, the conditions which justified the Commission’s grant of the initial STA remain the same.

Accordingly, a further extension of the STA is warranted, and RLH SRC hereby requests a further STA for 180 days.
