Dear Applicant:

Within 30 days from the date of this letter, file an amendment to resolve the deficiency that was discovered during the initial review of your application. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, your application indicates a Directional composite antenna which requires filing of the directional antenna relative field values; however, you did not enter any directional relative field values and you indicated N/A (Nondirectional or Directional "Off-the-Shelf") which is an incorrect selection if the antenna is truly a Directional composite.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
