To Whom It May Concern:

I am writing on behalf of Travis and Dwayne Williams and their Non-Profit Company Sumarrase. Travis is a former student of mine and has always been willing to volunteer his time and talents to our school whenever called upon. His father Dwayne has also been a driving force in their success as they move forward and progress into having their own radio station. I can honestly say that since 2006 both Travis and Dwayne Williams have been heavily involved in community events and school functions in both the Fort Myers and Lehigh Acres community. Any time I have asked for them to DJ and event or promote an event for us they have always done it no questions asked. They truly have the heart of the community in mind and are a great resource to us and the rest of the community.

Respectfully yours,
