

Certification for KGRI Lebanon, OR Antenna Installation

This is to certify that I oversaw the re-installation of the Scala directional antennas, model No. YA-7 FM-RM for KGRI, and that they were installed in complete accordance with the manufacturer's detailed instructions.

All work was performed by qualified personnel using good engineering practice and under my direct and complete supervision. Radio Tower Company of Portland, OR performed all work on the tower.

Steve Flyte
Field Engineer
EMF Broadcasting
5700 West Oaks Blvd.
Rocklin, CA 95765

39 years of AM-FM-TV Broadcast Engineering experience which have included studio, transmitter, antenna and earth station satellite engineering.

A handwritten signature in blue ink that reads "Steve Flyte". The signature is written in a cursive style with a long, sweeping horizontal line extending to the right.
