

**BACK BAY BOUNDARY, INC.**  
LAND SURVEYING

August 24, 2004

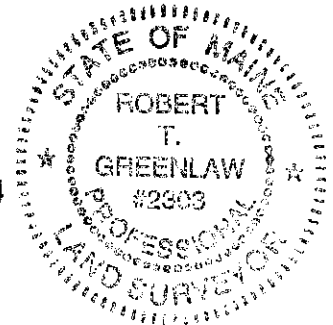

Mr. Andrew Armstrong  
Portland Radio Group  
420 Western Avenue  
South Portland, Maine 04106

RE: Antenna / Tower orientation Survey Lane Ave. and Warren Ave.  
Portland, Maine.

As a result of our survey on or about March 26, 2004 of the above mentioned tower we can certify to the Portland Radio Group that to the best of our knowledge and belief that the antenna face was orientated to point on a True North azimuth of  $85^{\circ}$  (+-  $1^{\circ}$ ).

Robert T. Greenlaw, PLS
