

**Affidavit Certification and Qualifications of Supervising Engineer in support of FCC  
Form 301 WJKR, Worthington, Ohio, FCC File Number BPH-20101004ACN**

The proposed facility referenced in the above construction permit has been constructed as permitted. I have overseen all aspects of the WJKR site and directional antenna assembly and installation. The ERI Model LP-2E-DA directional antenna was installed exactly as specified by its manufacturer and the antenna orientation as specified in the permit has been measured and verified by a Licensed Professional Surveyor in the State of Ohio. The surveyor's certification is attached as an exhibit.

I certify, under penalty of perjury, that I am a Broadcast Engineer and familiar with all relevant FCC regulations that pertain to this project. I have over 30 years experience as a Broadcast Engineer. I have designed, installed and supervised several FM transmission system installations.
