*Re: Star Over Orlando, Inc. ("SOOOI")*

*WRSO (AM), Orlovista, Florida*

*Facility Identification Number: 129548*

*BP-20160523AAT*

*Dear Mr. Nguyen:*

*This amendment is being filed by the applicant Star Over Orlando, Inc. with respect to its pending application for a minor modification of its facility to answer the question raised concerning the tower (2) to be used at its new site at 3604 W. New Hampshire in Orlando, Florida*

*In the application currently at the FCC for final grant of a construction permit, the applicant (Star) clearly stated that the towers used at its new site will be 199' (2 Tower Array), without the need for registration with the FAA because of its height, no lighting and does not have to be painted or approved by the FAA.*

*No lighting is required and no FAA approval is needed.*

*Respectfully Submitted,*

*Carl Como Tuteria, Principal*
