**Re: Tichenor License Corporation  
KLAT(AM) (67063), Houston, TX  
BMML-20150827ABB  
Request for Additional Time to Respond**

Dear Ms. Dortch:

On behalf of Tichenor License Corporation (“Tichenor”), licensee of KLAT(AM), we hereby request an extension of time to respond to the Audio Division staff’s January 29, 2016 letter and March 23, 2016 e-mail correspondence related to the above-referenced proof of performance on FCC Form 302. The letter and e-mail correspondence cited deficiencies in the application. Follow up discussions with the staff revealed that certain pages were missing from copy of the application under review by the staff.

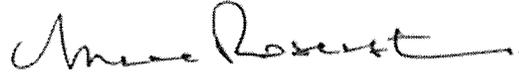

Tichenor’s consulting engineer, Charles Staples, has been working diligently to respond to the staff’s request to supply the missing information; unfortunately, however, due to the failure of his computer hard drive and the loss of certain data, Mr. Staples has been unable to complete the amendment to date. On April 14, 2016, Mr. Staples was asked by Ed Lubetzky of the FCC staff to provide more detailed description of the reference measurement points. Mr. Staples is working to complete descriptions of the measurement points; however, a visit to the points may be necessary in order to respond to the staff’s request.

Accordingly, Tichenor respectfully requests an additional 30 days to submit the amendment. Please direct any questions regarding this matter to the undersigned.

Respectfully submitted,
