Re: R&M Broadcasting Co. (R&M)
KJCB (AM), Lafayette, Louisiana
Facility Identification Number: 54341
STA Extension Request (STA)
BESTA-20121030AAR

Dear Ms. Chargois:

This is in reference to the request filed October 30, 2012 for an extension of the STA granted on May 16, 2012, to operate Station KJCB with temporary facilities¹; our letter dated February 22, 2013, granting an additional 30 days to resolve the red light fee problems; and R&M's April 4, 2013, letter requesting more time to resolve the red light fee problem.

Accordingly, we will withhold further action on his STA extension request for thirty (30) days to allow R&M time to resolve all red light fees problems. Failure to resolve the red light fees by May 12, 2013, will result in the dismissal of the STA extension request and cancellation of the original STA. For assistance in resolving the red light problems, we recommend that R&M contact Mr. Roland Helvajian via e-mail (roland.helvajian@fcc.gov) or phone (202-418-0444).

Sincerely,

A handwritten signature in blue ink, appearing to be 'J. Szczesny', written over a horizontal line.

Joseph Szczesny, Engineer
