## Compliance with 73.1620(a)(2)

Per 47 C.F.R. 73.1620(a)(2), the permittee may operate using the directional antenna at 50% of the authorized effective radiated power ("ERP") while awaiting Program Test Authority. Educational Media Foundation is operating the facility with the following parameters until Program Test Authority is granted:

TPO = 0.115 kilowatts

ERP = 0.275 kilowatts (Horizontal Plane)

Maximum ERP = 0.280 (Beam tilt)

Once Program Test Authority is granted, the TPO and ERP will be raised to their final values of 0.230 and 0.550 (0.560) kilowatts, respectively.
