Fresno-Visalia, California DMA

The triggering of the Commission's daily newspaper cross-ownership rule, 47 C.F.R. Section 73.3555(d), (the "Daily Newspaper Cross-Ownership Rule") due to the attributable, non-controlling interests of certain parties to the Transferee will not have any adverse effect on the multiplicity of media voices in the Fresno-Visalia, California area because, as demonstrated herein, Fresno-Visalia residents have access to a large variety of local broadcast and non-broadcast media.

The Fresno-Visalia Designated Market Area (the "Fresno-Visalia DMA") is ranked as the 56th largest market in the nation by Nielsen Media Research). ^{1/} The Fresno-Visalia DMA has a total of 12 commercial and non-commercial full-power television stations. ^{2/} These 12 full-power television stations include affiliates of ABC, CBS, NBC, FOX and PBS, as well as an independent station and an evangelical station. Both before and after consummation of the proposed transaction, these 12 television stations will be owned by 10 different entities. ^{3/}

In addition to the full-power television stations, there are 24 low-power television stations (including seven Class A stations) in the Fresno-Visalia DMA, many of which provide additional programming to viewers, including an Azteca network affiliate (KMSG-LP, Fresno) that provides general Spanish-language programming, a station (KCWB-LP, Reedley) that features religious programming for the Hispanic community, a station (KJEO-LP, Fresno) that

broadcasts local high school football games and Fresno City College basketball games, and a station (KSDI-LP, Fresno) that carries programming of interest to the area's Armenian community. 4/

The Fresno-Visalia DMA also is served by a vibrant and diverse radio market, including 67 FM stations and 23 AM stations. 5/ The radio services available to Fresno-Visalia residents in Los Angeles include Spanish-language programming (*e.g.*, KGEN-FM, Hanford; KUFW(FM), Woodlake; KBHH(FM), Kerman; KEYQ(AM), Fresno; KGST(AM), Fresno; KSJV(FM), Fresno; KOQO-FM, Fresno), religious programming (*e.g.*, KCJH(FM), Livingston; KFNO(FM), Fresno; KIRV(AM), Fresno), news programming (*e.g.*, KMJ(AM), Fresno; KYOS(AM), Merced) and sports programming (*e.g.*, KBKY(FM), Merced; KEZL(AM), Visalia; KCBL(AM), Fresno; KFIG(AM), Fresno), in addition to a wide variety of other talk and music formats. 6/

The Fresno-Visalia market also is well served by multi-channel video programming distributors ("MVPDs"). Over 74 percent of households in the Fresno-Visalia DMA subscribe to some form of MVPD service, 7/ most commonly cable television service,

which has a penetration rate of 49 percent (256,900 households) in the Fresno-Visalia DMA and is provided over 19 separate cable systems owned by six different cable operators. 8/

Cable subscribers in the Fresno-Visalia DMA have access to substantial programming of local interest beyond that provided by local broadcast stations. As just one example, in Fresno, residents are served by Comcast Cable, which carries over 300 video program channels, including a government access channel and a channel with community programming, as well as an entire programming tier dedicated to Spanish-language programming. 9/

DBS providers EchoStar and DirecTV also serve subscribers in the Fresno-Visalia DMA, and both offer local-into-local delivery of broadcast television stations to their Fresno-Visalia subscribers. 10/ Fresno-Visalia residents also have access to two Satellite Digital Audio Radio Services, Sirius and XM Radio, each offering nearly 200 digital audio channels. 11/

With respect to the newspaper market, six daily newspapers and seven weekly newspapers are published in the Fresno-Visalia DMA. 12/ As described in Exhibit 18-B, principals of one of Transferee's attributable shareholders have a non-controlling, 16 percent attributable interest in Freedom Communications, Inc., which is the publisher of *The Porterville Recorder* of Porterville, California. *The Porterville Recorder's* circulation comprises only 9,202

8/ See Table C-3.

(or 3.7 percent) of the 248,858 daily newspapers published in the DMA, and it has the second smallest circulation of the six daily newspapers published in the Fresno-Visalia DMA. 13/ Meanwhile, there are seven locally-published weekly papers in the DMA, all but one of which exceeds the circulation of *The Porterville Record*. Spanish-speaking residents in particular are served by the independently-owned weekly publication, *Vide en el Valle*, which has a subscriber base more than six times greater (58,606) than that of *The Porterville Recorder*. 14/

Given the presence of strong competition and the diversity of voices in the Fresno-Visalia DMA, grant of the limited waiver sought is consistent with Commission precedent and would serve the public interest by facilitating the prompt consummation of the proposed multi-station transaction and an orderly process for achieving compliance with the Commission's ownership rules.
