## COMPREHENSIVE TECHNICAL EXHIBIT

**Application for Construction Permit**  
**WHOB-LP, FCC ID 127496**  
**FCC File Number BLTTL-20081006AHU**  
**EICB-TV EAST, LLC**

**Application for Flashcut of Licensed Facility.** The within proposal requests flash cut of the licensed facility to digital operation at 2.8 kW ERP. The service contour of the within application contains that of the underlying construction permit and the proposal serves the same community.

**Use of Unregistered Tower.** The application is on a 25.4 meter tall tower. The proposal was subjected to *Towair* analysis and found not to require registration with the FCC.

**Interference Analysis.** An OET 69 Longley-Rice study exhibit for the above-captioned application was performed using the Techware, Inc. FCC interference analysis program on a Sun Blade computer. The results of the study reveal that the application is in compliance with all applicable portions of § 74.793.
