Draft minutes from August 5, 2012 were approved unanimously.

*"Take Two Movie Review"*

Catherine reported that seven stations now carry "Take Two," plus the radio and television stations which broadcast the show as part of "The David Pakman Show" (as well as Dish Network households). She will do another e-mail to NFCB stations before fall fundraising, and another winter appeal. "Take Two" is now also available on PRX, but so far has no subscribers. Ben noted that, with a second baby due in October, his volunteer hours may be limited.

*Low Power FM*

Catherine proposed that Big Deal Productions apply for an LP FM radio license in Richmond as another way of furthering the group's goal of producing educational program broadcasts. She stated that there were rich and untapped programming resources in the metro area; she had already identified new members to help Big Deal expand operations. Mike, involved in another broadcast venture, offered his resignation. He will continue to act as a producer for "Take Two."

*Big Deal Productions LLC*

Several motions were made and approved unanimously.

- Catherine was re-appointed as Manager.
- She was authorized to incorporate Big Deal Productions if necessary for LP FM application.
- Mike's resignation as a member was accepted.
- The board was expanded to include three new members: Henry Morse  
Joe O'Connor  
and Patty Parks.

Another board meeting was tentatively scheduled for Sunday, November 23, at 5:30. Place TBA.
