

**EXHIBIT 5**  
**MULTIPLE OWNERSHIP SERVICE CONTOUR ANALYSIS**

COCHISE BROADCASTING LLC

SINCLAIR, WYOMING

MAY 2007

An analysis of the proposed NEW facility at Sinclair, Wyoming with FCC Facility ID No. 171027 (the “Facility”) demonstrated compliance with the Commission’s radio multiple ownership rules. The proposed station is not located in any rated Arbitron market. Neither the applicant, related Desert West Air Ranchers Corporation nor family owned SkyWest Media LLC and SkyWest Licenses New Mexico LLC has any interest in any other station, owned by or attributed to such ownership, whose principal community contour overlaps the principle community contour of the Facility. Therefore, the provisions of the Commission’s radio multiple ownership rules are not applicable in this instance.
