Dear Applicant:

Within 30 days from the date of this letter, file an amendment to resolve the deficiency that was discovered during the initial review of your application. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, the proposed construction permit indicates an ASRN number of 1035356 with the overall tower height above ground level of 15.2 meters; however, the registration search results as imported below show the overall height above ground level as 132.1 meters. This is a difference of 116.9 meters which will require correction.
