

Changes to the Application

Changes to the application are as follows:

1. Section III-A, Item 10: Transmitting Antenna pattern has been updated
2. Section III-A, Item 11: Exhibit 10 Fill In Contour has been updated
3. Section III-A, Item 12: Exhibit 12, International Compliance has been updated
4. Section III-A, Item 12: Exhibit 13, Channel Study has been updated
5. Section III-A, Item 14: Exhibit 16 Multiple Translator Overlap has been updated

Contingency Consideration Request

EMF is requesting that this minor amendment to a pending application be considered contingently with an application for W228CJ, FID 148674, Detroit, MI, for the purpose of avoiding prohibited overlap of two translators with the same primary station. Exhibit 16 demonstrates the overlap area of this proposed change to W252BX along with the proposed change to W228CJ.
