

APPLICATION FOR STATION LICENSE
BALDRIDGE-DUMAS COMMUNICATIONS, INC.
KDBH-FM RADIO STATION
CH 248A - 97.5 MHZ - 6.0 KW
NATCHITOCHES, LOUISIANA
December 2005

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Baldrige-Dumas Communications, Inc. ("BDC"), licensee of radio station KDBH-FM, Channel 247C3, Natchitoches, Louisiana. BDC has an outstanding permit to change to Channel 248A (BPH-20051205ADD). BDC herein submits a license application to cover the outstanding permit. BDC is operating KDBH-FM under automatic program test authority. A calculation of the transmitter power output of the KDBH-FM transmitter is attached as Exhibit A.

There are two operating conditions or restrictions listed on the permit. The first condition notes that the permit was issued pursuant to §73.215 of the Commission's rules. BDC acknowledges this condition. The second condition relates to radio frequency radiation issues. BDC restates that it will reduce the power of the KDBH-FM facility or cease operation, as needed, to insure that persons with access to the tower will not be exposed to radio frequency radiation levels in excess of the Commission's guidelines.

Based on the foregoing, it is believed that KDBH-FM is operating in compliance with the Commission's rules and that all conditions have been met.
