

APPLICATION FOR STATION LICENSE
CITYWORKS COMMUNITY BROADCASTING, LLC
WVMP (FM) RADIO STATION
CH 268A -101.5 MHZ - 0.65 KW
VINTON, VIRGINIA
April 2012

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Cityworks Community Broadcasting, LLC ("Cityworks"), licensee of FM radio station WVMP, Channel 268A, Vinton, Virginia. Cityworks has a construction permit for WVMP to correct the coordinates and adjust height above average terrain and power (BPH-20120312ABY). Exhibit A is a calculation of the transmitter power output for WVMP.

There is one special operating condition/restriction listed on the WVMP permit.

This condition states:

"The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radio frequency electromagnetic fields in excess of FCC guidelines."

Cityworks recognizes its responsibility in this matter and pledges compliance with this condition.

Based on the foregoing, it is believed that all conditions have been satisfied and WVMP has been constructed in compliance with the Commission's rules.
