Dear Mr. Nguyen,

On October 14, 2015 we received a letter granting United Broadcasting an additional 60 days to replace Dennis Silver who had passed away. We have made great efforts to rectify the problems with our application BP-20140623AAZ. We retained the engineering of Hatfield and Dawson. We sent a letter we received from the FAA regarding the problem of tower registration. Please find an attachment that should solve the ground radial information you had previously requested.

Thank you for your patience and understanding in this matter.

If we can be of further assistance please let me know or contact our engineer, Steve Lockhart, at Hatfield and Dawson.

Sincerely,

Richard Perry
President
