

TECHNICAL STATEMENT  
RADIO MULTIPLE OWNERSHIP ANALYSIS  
CAPSTAR TX LIMITED PARTNERSHIP

This statement and the attached figures were prepared on behalf of Capstar TX Limited Partnership ("CTLTP"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CTLTP proposes to modify the facilities of WXDX-FM, Pittsburgh, PA. A multiple ownership analysis was prepared considering the following radio stations under present or proposed common ownership, time brokerage or joint sales.<sup>1</sup>

Table 1: Proposed Commonly Owned, Brokered or Jointly-Sold Stations  
Studied and Associated Arbitron Metro<sup>2</sup> Information

Since certain of these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), or are located in, or home to, the same Arbitron Metro markets, an ownership study has been prepared in accordance with the Federal Communications Commission's local radio ownership rule.<sup>3</sup>

CCC does not have an attributable interest in any other station with a principal community contour that overlaps or intersects the principal community contour of WXDX-FM as proposed, or which is located in the same Arbitron Metro<sup>4</sup> as WXDX-FM. The community of license of WXDX-FM is located within the Pittsburgh, PA Arbitron Metro, and WXDX-FM is reported by BIA as being "Home" to that Metro only. Contour overlap of the station to be modified, as depicted in Figure 1, also occurs with a commonly-owned station whose community of license is located in the nearby Youngstown-Warren, OH Arbitron Metro market.

<sup>1</sup> None of the following stations are attributable by virtue of a time brokerage agreement or joint sales agreement.

<sup>2</sup> Arbitron data presented herein is obtained from BIA's "Media Access Pro."

<sup>3</sup> See 47 C.F.R. § 73.3555(a).

<sup>4</sup> A station is considered to be "located in an Arbitron Metro" if the station's community of license is located within the boundaries of that Metro, or, the station is listed as "Home" to that Metro by BIA.

## Arbitron Market Study

WXDX-FM is reported by BIA as being "Home" to the Pittsburgh, PA Arbitron Metro. This proposal is in compliance with the local radio ownership rules for that Arbitron Metro, as evidenced by Table 2 below:

### Interim Contour-Overlap Analysis

Because the principal community of the station to be modified, and the communities of all commonly-owned or attributable stations with overlapping principal contours with the station to be modified, are located in an Arbitron Metro, an interim contour-overlap analysis is not required.

### Conclusions

In the Arbitron Radio Market studied herein, there are at least 67 radio stations, including the subject commonly-owned 1-AM / 5-FM stations, which are home to the Pittsburgh, PA Metro. This proposal does not affect the existing number of commonly-owned stations in the subject Arbitron Metro.

Based on the above, it is concluded that the proposed modification complies with Section 73.3555(a) of the FCC Rules.

Respectfully submitted,

Lance Nelms
