

LAKE CHARLES

June 7, 2017

This is to certify that the Shively Antenna Model 6810-6-EF-6 DA was assembled and installed according to the manufacturer's specifications for radio station KBIU built under the Construction Permit for Cumulus Media, INC

The installation was under the supervision of Robert Combs, Sr. Regional Director of Engineering of the Gulf State Region for Cumulus Media. I have been a Broadcast Engineer for twenty -seven years and have been involved with the installation of many FM antenna installs .

A handwritten signature in black ink, appearing to read 'Robert Combs'.

Robert Combs

Sr Regional Director of Engineering

Cumulus Media
