Dave Fortenberry, Chief Engineer  
Salem Communications  
1425 River Park Drive, Ste. 520  
Sacramento, CA 95815

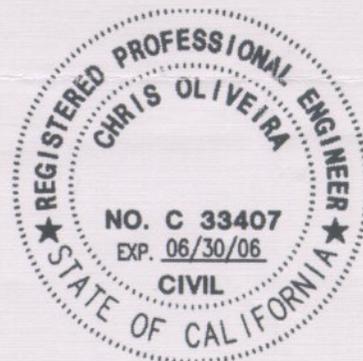

Dear Mr. Fortenberry:

**Subject: KKFS Radio Tower Orientation**

I hereby certify that on October 14, 2003, I performed survey observations on the new auxiliary antenna installed at Bald Mountain, Capay California. The azimuth was determined to be 40° from True North. Equipment used on this job was a Bruton Pocket Transit with a Topcon GTS-3B Theodolite.

Sincerely,

CNA Engineering, Inc.
