In re: NEW(FM), Glade Spring, VA  
ASRadio, LLC ("ASRadio")  
Facility ID No.: 166082  
BNPH-20060308ALW

Dear Applicant:

This is in reference to the above-captioned application for a new commercial FM station to serve Glade Spring, Virginia on Channel 274A. An Informal Objection to the application was filed on May 9, 2006 on behalf of JBL Broadcasting, Inc. ("JBL")

In the objection, JBL states that processing of the application should be held in abeyance pending the outcome of MB Docket No. 05-295 because the Glade Spring proposal would conflict with JBL's request in the docket to allot Channel 274C3 to Weber City, Virginia.

However, our policy is not to withhold grants of applications due to conflicts with pending rulemakings that propose to re-allot the channel of the application eliminating the conflict. Furthermore, an engineering review of the application on the channel proposed for Glade Spring in MB Docket 05-295 indicates compliance with the spacing requirements of 47 CFR Section 73.207.

In light of the above, the May 9, 2006 Informal Objection IS HEREBY DENIED. Furthermore, Application File No. BNPH-20060308ALW IS HEREBY GRANTED conditioned on the final outcome of MB Docket No. 05-295. The authorization is enclosed.

Sincerely

Rodolfo F. Bonacci  
Assistant Chief
