

Exhibit 13-F

Compliance with the 250 Mile Rule

K237GR was modified with minor modification Form 349 application BPFT-20161021ABZ in the second AM Filing Window for all AM stations in 2016. The licensed facility which was modified was BMPFT-20160510AAZ. The call sign assigned was K249EV. The coordinates for that facility were 36-08-50 N. ~ 94-11-13 W (NAD 27). That facility was located just 27.33 km. from the coordinates of this proposed modification. Therefore a map showing compliance with the 250 mile rule is not included. This proposed modification of K237GR easily complies with the 250 Mile Rule.
