Re: The Catholic, Apostolic &
Roman Church in Puerto Rico (CARC)
WKVM(AM), San Juan, Puerto Rico
Facility Identification Number: 8096
Special Temporary Authority (STA)
BESTA-20190705AAJ

Dear Mr. Jusino:

This is in reference to the request filed on July 5, 2019. CARC requests an extension of the STA granted on May 30, 2018, to continue operating with reduced power to allow time to complete all required repairs due to hurricane damage in October 2017.¹ In support of the request, CARC estimates that it will be able to resume licensed operations soon.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for an extension of the STA IS HEREBY GRANTED, and CARC may continue to operate with parameters at variance and reduced power if needed, while maintaining all monitor points within licensed tolerances. CARC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. CARC must submit an e-mail to my attention to certify the date the station resumed licensed operations with negligible changes. Otherwise an FCC Form 302 application must be filed to update all operating parameters.

¹ WKVM(AM) is licensed for DA operation on 810 kHz with a 50 kW unlimited hours pattern.

This authority expires on **January 7, 2020.**

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a horizontal line extending to the right.
