RE: Low Power Television Application Of:
Western Kane County Special Service District #1
Channel 24, Kanab, UT
File number: BPD TT-20091120ABW
Facility Id No.: 167639

FCC Letter 1800E3-RLG
(Predicted interference to K23DP, Kanab, UT. – BLTT-19930830IK)

Dear Mr. Hashemzadeh:

The University of Utah is aware that your interference program shows application file number BPD TT-20091120ABW, channel 24 at Kanab, Utah interfering with K23DP, Kanab, Utah – file number BLTT-19930830IK, licensed to the University of Utah.

The University of Utah does not expect the channel 24, application file number BPD TT-20091120ABW, to cause interference to K23DP, Kanab Utah – BLTT-19930830IK. If there is interference, the University of Utah will accept the interference and work with Western Kane County Special Service District #1 to resolve any interference issues.

We look forward to the continued service of these translators in the rural community of Kanab, Utah.

Respectfully,

Phil Titus
Director of Engineering
University of Utah
