In re: W238BW, Largo, FL
BMPFT-20190605AAL
Facility ID # 158581

Dear Applicant:

This refers to the above-captioned application for W238BW, Largo, Florida.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to W280DW, Tampa, Florida (BLFT-20130227ADO). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 40 dBu interference contour overlaps with the 60 dBu protected contour of W280DW.

In light of the above, the application BMPFT-20190605AAL is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

A handwritten signature in blue ink, appearing to read "James D. Bradshaw", with a stylized flourish at the end.

James D. Bradshaw
Deputy Chief
