Diversity Policy Exhibit

Re: Libby, Montana

This declaration certifies that neither the University of Montana ("UM") nor any of its principals hold an attributable interest in an AM radio station or an FM radio station or an FM translator station whose principal community contour overlaps the principal community contour of any NCE FM station application filed by UM in the October 12-October 19, 2007 FCC filing window for Libby, Montana.

If UM is successful in securing an authorization for a proposed station, UM and its principals shall ensure continued compliance with the FCC's applicable diversity of ownership criteria by maintaining lack of principal community contour overlap between such proposed station and any attributable AM or FM or FM translator interests of UM or its principals.
