Subject: Program Test Authority -- KNLT -- BLH-20140730ACB

This e-mail is in regard to license application BLH-20140730ACB for KNLT. Program test authority is requested for full power operation in accordance with construction permit BMPH-20140319AED. We have reviewed the license application and related exhibits and find it to be acceptable for filing.

Consequently, by this e-mail, program test authority IS GRANTED to permit KNLT (FM) to operate at an effective radiated power of 1.50 kW ERP (horizontally polarized) with the facilities authorized in construction permit BMPH-20140319AED.

This authority is being sent by e-mail in lieu of a letter in order to get this authority to you as soon as possible. Please print a copy of it and keep it with the station's records. The grant of this program test authority will also be noted in the FCC's CDBS database.

If there are any questions, please contact me at 202-418-2706.
