Re: WXAC (FM), Reading, PA
Albright College
Facility Identification Number: 880
Special Temporary Authority
BESTA-20151015ABA

Dear Ms. Cohen:

This is in reference to the request filed October 15, 2015 on behalf of Albright College. Albright College requests an extension of the April 23, 2015 Special Temporary Authority (“STA”) to operate WXAC with temporary facilities at a new tower site, since the licensed site is no longer available to WXAC. A construction permit application will be filed soon to make this site change permanent.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA extension IS GRANTED. Station WXAC may continue to operate with the following facilities on the existing tower structure:

Geographic coordinates: 40° 22' 09" N, 75° 54' 26" W (NAD 1927)
Channel 217A (91.3 MHz)
Effective radiated power: 0.15 kilowatt (H) -- ERP is limited to this value
Antenna height:
 above ground: 20 meters
 above mean sea level: 149 meters
 above average terrain: 12 meters

Albright College must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **April 18, 2016**.

Sincerely,

Dale Bickel
Senior Engineer
