Re: WUFO(AM), Amherst, New York  
Facility Identification Number: 60154  
MCL/MCM New York, LLC (MCL)  
Special Temporary Authorization (STA)  
BESTA- 20141009ADA

Dear Ms. Marshall:

This is in reference to the request filed on October 9, 2014. MCL requests a second extension of the STA originally granted on September 24, 2013, to operate Station WUFO(AM) with temporary facilities (due to loss of the licensed site).<sup>1</sup> In support of its request, MCL states that it plans to file an FCC Form 301 minor change application in the near future.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station WUFO(AM) may operate with the following facilities:

Geographic coordinates:	42° 55' 27" N, 78° 46' 41" W (NAD 1927)
Frequency:	1080 kHz
Hours of operation:	Daytime only
Operating power:	Not to exceed 1 kW
Antenna type	Existing WECK(AM) tower (ASRN: 1207083)
Radiator height:	60° (46.3 meters)
Antenna efficiency:	235 mV/m/km/kW
Overall height	46.9 meters

---

<sup>1</sup> WUFO(AM) is licensed for a ND daytime only operation on 1080 kHz with 1 kW.

It will be necessary to reduce power or cease operation if complaints of interference are received. URC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. We recommend that MCL file an FCC Form 301 application before the expiration date shown below to verify that substantial progress has been made towards restoration of licensed operations.

This authority expires on **May 3, 2015**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joe Szczesny', with a stylized, cursive script.

Joe Szczesny, Engineer
