

307(b) EXHIBIT

Multicultural Radio Broadcasting Licensee, LLC (“Multicultural”), licensee of Station WNYG(AM), Babylon, New York, hereby submits this Application which proposes to move Station WNYG(AM) from Babylon, New York to Medford, New York as that community’s first local service.

As demonstrated in the Technical Exhibit, the station, which currently operates on 1440 kHz can be moved to Medford at a new transmitter site consistent with Section 73.37 of the Commission’s Rules. The gain/loss figures and number of protected services are provided in the Appendix to the Engineering Report. The Report shows that the loss area created by this relocation is well served and that there are a larger number of protected AM and FM services in Babylon, New York than in Medford, New York.

Multicultural desires to change the community of license for WNYG(AM) from Babylon to Medford under the guidelines set forth in *Amendment of the Commission’s Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 3870 (1989), *recons. granted in part*, 5 FCC Rcd 7094 (1990).

There, the Commission stated that a station may change its community of license without subjecting the license to other expressions of interest if (1) the proposed allotment is mutually exclusive with the current allotment; (2) the current community of license will not be deprived of its only local service; and (3) the proposed arrangement of allotments is preferred under the Commission’s allotment priorities. These criteria are met here. First, the proposed use of 1440 kHz at Medford is mutually exclusive with the current use of 1440 kHz at Babylon. *See* Ex. 1A. Second, Babylon will not be deprived of its only local service because it will continue to be served by Station WBAB(FM). Third, the

provision of a first local service at Medford (2000 U.S. Census population 21,985) under Priority 3 will result in a preferential arrangement of allotments over the retention of a second local service at Babylon (2000 U.S. Census population 211,792) under Priority 4. *See Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

As both Medford and Babylon are located within the New York-Newark, NY-NJ-CT Urbanized Area, this relocation of WNYG(AM)'s community of license will not implicate the Commission's policy against the migration of stations from rural to urban areas. *See Faye and Richard Tuck*, 3 FCC Rcd 5374 (1988).

Medford, a hamlet in Suffolk County, New York, evidences the attributes that the Commission traditionally associates with a community. Medford is identified in the 2000 U.S. Census and therefore is presumed to have the status of a community for allotment purposes. *See Arnold and Columbia, California*, 7 FCC Rcd 6302 (1992). The United States Postal Service operates a post office in Medford and has assigned 11763 as the community's ZIP code. As a result, Medford's businesses and residents have a Medford mailing address. Medford's status as a community is further supported by the presence of governmental agencies, examples of which include the Medford Fire Department and the Patchogue-Medford Union Free School District, which operates four public schools in Medford: Eagle Elementary School, Tremont Elementary School, Oregon Middle School, and Patchogue-Medford High School. *See Ex. 1*.

Additionally, a number of businesses identify with the community by using "Medford" in their name, including Medford Pastaria, Medford Cleaners, Medford Shooting Range, Medford Nails, Medford Equities, and Medford Auto Wrecking. Medford is also home to a number of community organizations and houses of worship,

such as the St. Michael's Community Center, St. Mark's Episcopal Church, Calvary Baptist Church, and the Medford Assembly of God. Numerous doctors have practices in Medford, thus providing the community's residents with convenient access to health care. *See Ex. 1.*

Finally, as discussed in the Multiple Ownership Exhibit, the relocation of Station WNYG(AM) from Babylon to Medford, New York will enable Station WNSW(AM) to relocate to a new transmitter site and avoid having to discontinue operations of WNSW(AM) or WNYG(AM) due to the loss of WNSW(AM)'s lease.

For the foregoing reasons the Commission should approve the relocation of Station WNYG(AM) from Babylon, New York to Medford, New York as that community's first local service.
