

Exhibit 1  
Renard Communications Corp.  
February, 2002

Renard Communications Corp. ("RCC") is licensee of WVOA(FM) (formerly WVOQ(FM)), Mexico, NY. (Facility ID 67058). RCC has on file a minor change application (BPH-20001023AFP) to upgrade its authorization from Class A to Class C3.

The application was referred to Canada and the Canadians have indicated that a slight change of the directional antenna characteristics is needed to satisfy their protection requirements of CBBP Ch. 280B, Peterborough, ON.

The purpose of this amendment is to slightly modify the directional antenna characteristics in Section III-B, question 12. No other changes are proposed.
